

Getaway

Donny Henderson, Michie Turpin

I

I can't make sense, I can't find a reason
There ain't no rhythm, there sure ain't no rhyme
I can find peace, I sure could use some answers
I used to have them but not this time

Chorus

I think it's time I made my getaway
To bid farewell to broken days
I'm starting over now, I'll find the strength somehow
I sure could use some help from you
For my getaway

II

Yesterday in the darkness
I heard a whisper, "keep up the fight"
Now, I'm not free yet but I must remember
Where there's a shadow there must be some light

Repeat Chorus

Bridge

Free from all this hurt, Free from all these chains
Free to live, yea, really live again
Oh, to be that free again

Repeat Chorus

To make my getaway to make my getaway
