

I'll Fly Away

Phil Cross, Steven Cheney

1

Everyday they wonder, how do we press on
Many people are confounded as we keep on singing a happy song
The life of faith is a mystery to the wisest man
But all is great ... When you're doing life on heavens plan
Gonna keep believing my Bible line by line
I know the ending I'm leaving this world behind
I'm leaving this world behind

Chorus

I'm keeping my eyes ... on the Eastern sky
Watching and waiting with my faith in only Jesus Christ
Lift up my head no fear or dread
Standing on the promise that He brought us when the Master said
Someday I'll fly away

2

I am not constrained by a temporary plan
I am trusting the eternal one and resting in His righteous hand
I cannot be moved from the fortress from the mighty tower
I have been rescued by the blood, the wonder working power
By grace I'm standing, His Spirit stands in me
By faith I'm planning a marvelous destiny a marvelous destiny

I'll fly away (4 times)
